Various ad campaigns for San Francisco Bay Area clients (2009-present), including *Ken DeLeon Realty*, voted the top real estate agent in America by *The Wall Street Journal*.

(BROCHURES)

Brochure designs for *SMARK*, a media & communications firm that was located in Mersch, Luxembourg (2009).

Vous accompagnons d'avoir le temps de faire votre métier, pour lequel vous avez tant de talent. Votre action vous permet de voir le temps d'imaginer d'autres bonnes idées.

Vous accompagner et vous conseiller

En plus de diverses prestations comptables qui sont le cœur de notre métier, nous vous proposons des prestations adaptées aux besoins particuliers de votre structure. La proximité et la profonde connaissance que nous avons de nos clients nous permettent de proposer notre vision sur l'optimisation de la gestion courante de l'entreprise ou sur certains événements exceptionnels.

Vous accompagner quel que soit votre projet

Elles sont plus de 700 à nous faire confiance... Nous n'allons pas toutes les citer ici, mais sachez qu'elles exercent leurs talents dans le commerce, l'artisanat, l'industrie, la prestation de services. Certaines sont des professions libérales, d'autres des associations ou des collectivités locales. Et puis aussi les entreprises familiales, artisanales ou les grandes sociétés.

Au fil des années nous avons tissé de vrais liens avec Vous

Des liens de confiance et de fidélité. Cela nous permet, en toute confidentialité, de mettre parfois en relation l'expérience et l'expertise de uns au service des questions et des interrogations des autres.

(E-LEARNING MODULES)

E-learning modules created for *ëekho e-learning* in Lille, France, 2011.

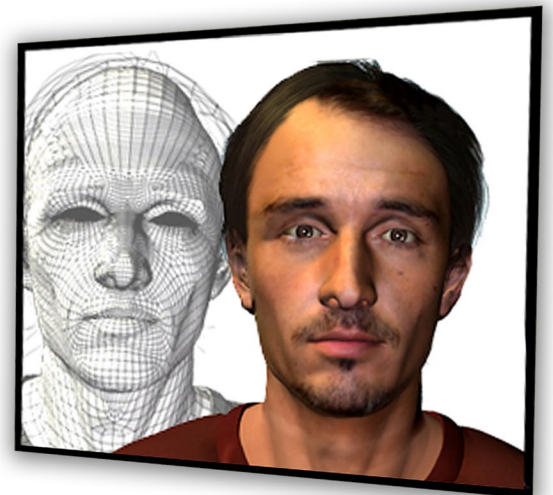

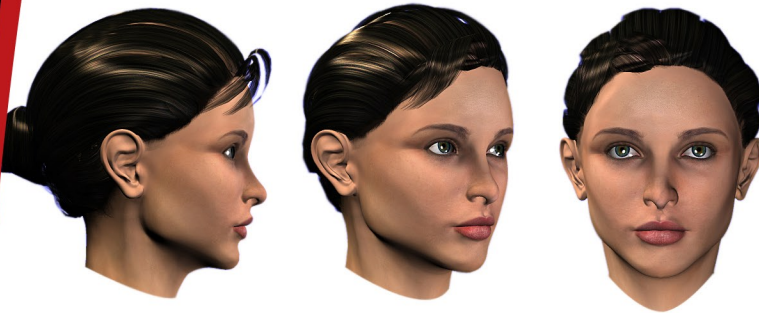

(SOCIAL MEDIA & GAMING)

UI design for Agent Wolf's iPad game "Monster Truck Zombie Shooters" (2013, top) and UI design for Lorne Lanning's "CineRx" (2011).

(AVATARS)

From 2006-2008, I created a series of animated, 3D talking avatars that were used in educational programs for soldiers being deployed in foreign countries. I was responsible for creating the texturing, geometries & facial morphs, as well as lip syncing the characters.

(CARTOONS & ILLUSTRATION)

An assortment of illustrations I created using colored pencil, pen & ink, Photoshop, and Poser, a 3D modeling program.
